

From April 2012 to April 2013, Trànsit Projectes organized with 3 groups of youngsters the Barcelona Culture Pilots walks. During this time the cultural managers, creative agents and youth workers involved in the project traced their own particular walk, from the offices of Trànsit Projectes to the Fundació Bayt al-Thaqafa, the Civic Centres and Youth Centres or Casals of the Pati Llimona and the Convent Sant Agustí. Their experience of interactions with each other and youths from many different cultural backgrounds, marks in a special way this journey guided by the Culture Pilots Project, but experienced differently by the participants, and anyone retracing their steps in the future.

Trànsit Projectes

Carrer Bòria, 17 <http://blog.transit.es/>

We start our walk in front of the Trànsit Projectes offices, where cultural managers and creative agents work daily on new projects. We follow carrer Bòria to carrer Carders, where many local and immigrant artists and artisans have their shops. You may find one of our Culture Pilot participants having a Cafe in any of the small Bars along the way...

Trànsit
Projectes

Centre Cívic i Joves Convent Sant Agustí

Carrer Comerç, 36 <http://conventagusti.com/>

You will definitely find some of us Culture Pilot's participants in the [Bar del Convent](#).

We love it not just for the friendly Chilean staff, but also for the kid's area and because there is always something going on, like a local musician playing in the cloister, some kids roller blading, a dog on a skate...

Fundació Bayt al -Thaqafa

Carrer Princesa, 14, 1st floor <http://www.bayt-al-thaqafa.org/>

After the Convent Sant Agustí, we stop in front of the Fundació Bayt al-Thaqafa, where we might catch some of the participants at a Catalan class...

Pati Llimona

[Centro Cívico](#) and [Casal Infantil](#)

Carrer Regomir, 3 <http://www.bcn.cat/centrecivicipatillimona/>

After the hustle and bustle of the streets of Barcelona, we love to take a rest here at the Pati Llimona. In the summer we bring our lunch pack or sandwich, and eat in the quiet courtyard, and afterwards we usually catch a free contemporary photography exhibition (they change every 2 weeks!), in the Civic Centre. For those of you who don't know the city, you can get an impression of our life in Barcelona, here at the Pati Llimona, looking at art and architecture from the Romans up to today... Enjoy :)
